Notes to the Unaudited Interim Consolidated Financial Statements
For the three months ended March 31, 2026 and 2025
(Expressed in Canadian dollars, unless otherwise indicated)

1. NATURE OF OPERATIONS

Culico Metals Inc. (“**Culico**” or “**Company**”) is a company domiciled in Canada incorporated on April 5, 2024 (“**Inception Date**”), under the Canada Business Corporations Act. The Company's registered office is located at 100 King Street West, Suite 3400, 1 First Canadian Place, Toronto, Ontario, M5X 1A4, Canada.

The Company accounts for AGS using the equity method of accounting (note 4). The fair value of the AGS shares was \$17.4 million on March 31, 2026; 2) 30 million common shares, or approximately 8% of Kharrouba Copper Company Inc. (“**KCC**”) (note 5); 3) a 1% lithium royalty on certain mining interests held by Kali Metals Limited (ASX:KM1); and 4) the right to receive the trailing asset sale proceeds for the Dumont asset being an amount up to US\$30 million. Subsequent to quarter end, on April 28, 2026, the Company entered into a new tail payment agreement with the purchasers of the Dumont asset (note 13).

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

Statement of Compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“**IFRS Accounting Standards**”) as issued by the International Accounting Standards Board (“**IASB**”) applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. These unaudited condensed interim consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements for the year ended December 31, 2025.

These unaudited condensed interim consolidated financial statements were authorized for issue by the Board of Directors of Culico on May 29, 2026.

Basis of preparation and going concern

These unaudited condensed interim consolidated financial statements have been prepared on a historical cost basis in accordance with IFRS Accounting Standards applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they come due.

In assessing whether the going concern assumption remains appropriate, management evaluates all available information about the future, covering a period of at least, but not limited to, twelve months from the end of the reporting period. As a newly listed entity with a primary focus on making strategic investments in the mining industry an inherently high-risk and capital-intensive sector the Company is subject to a number of operational and financial uncertainties. These factors, combined with the early stage of its investment activities, reported losses and limited operating history, may cast significant doubt on the Company's ability to continue as a going concern.

Notes to the Unaudited Interim Consolidated Financial Statements
For the three months ended March 31, 2026 and 2025
(Expressed in Canadian dollars, unless otherwise indicated)

The Company's ability to sustain operations and meet its ongoing obligations is dependent upon management's ability to secure additional financing through equity offerings, debt arrangements, or the monetization of existing assets. While management is actively pursuing these options, there is no assurance that such financing or asset sales will be available or completed on terms favorable to the Company, or at all.

Should the Company be unable to continue as a going concern, adjustments would be required to the carrying value of its assets and liabilities, the reported amounts of revenues and expenses, and the classification of balance sheet items. These consolidated financial statements do not reflect any such adjustments that could arise from this uncertainty. Such adjustments could be material.

The Company's presentation currency is Canadian dollars.

Basis of measurement

These unaudited condensed interim consolidated financial statements have been prepared on a historical cost basis except for the revaluation of certain financial instruments to fair value. In addition, these unaudited condensed interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of financial statements in accordance with IAS 34 requires management to make certain accounting policy judgments and/or estimates. These judgments and estimates are continuously evaluated and are based on management's experience and knowledge of the relevant facts and circumstances. Actual results may differ from the amounts included in the consolidated financial statements.

Areas of significant accounting policy judgment and estimates affecting the amounts recognized in the unaudited interim consolidated financial statements for the three months ended March 31, 2026 are consistent with those applied and disclosed in note 4 to the Company's audited consolidated financial statements for the year ended December 31, 2025.

4. INVESTMENT IN ASSOCIATE

Due to significant representation on both the Culico and AGS boards as well as some commonality of senior management, the Company is considered to have significant influence of AGS and consequently accounts for its investment using the equity method despite having less than a 20% ownership interest.

The following table reflects the movements in the Company's investment in associate:

For the three months ended March 31,	2026	2025
Opening balance	\$3,430,932	\$3,973,643
Gain on dilution of investment	18,767	-
Share of earnings (loss) in associate	64,556	(514,140)
Closing balance	\$3,514,255	\$3,459,503

During the three months ended March 31, 2026, AGS issued 6.5 million common shares which reduced the Company's ownership on AGS from 0.75% at December 31, 2025 to 0.73% at March 31, 2026. During the

three months ended March 31, 2026, the Company recognised \$18,767 of dilution gains due to the deemed disposition of a portion of its investment.

5. INVESTMENT IN KHARROUBA COPPER COMPANY INC.

During the year ended December 31, 2025, the Company acquired 30 million shares of KCC for US\$3 million (CAD\$4,143,600) representing approximately 8% of the outstanding shares of KCC. KCC is a private Canadian company with copper mining and processing operations near Marrakesh in the Kingdom of Morocco. The Company has the right to appoint one member to the board of directors of KCC for so long as the Company owns 5% or more of the KCC shares; no director appointed to date. KCC is accounted for using the fair value method of accounting as the Company does not have significant influence. Changes in fair value will be charged to profit or loss through the statement of earnings and KCC has been identified as a level 3 asset in accordance with the Company's fair value hierarchy. For the three months ended March 31, 2026, management concluded that the original transaction price was the best estimate of fair value due to the lack of new reserve reports, no new raises of equity nor significant changes in operations since the Company acquired KCC. The Company will continue to closely monitor the activities of KCC and will record a fair value adjustment at such time as there is reliable information to make such an adjustment.

6. RIGHT OF USE ASSETS

The right of use assets relate primarily to the adoption of an office property lease in Reno, Nevada. The lease term is for 63 months and can be extended at the Company's option for one five year term. The Company measured the right of use asset and lease obligation assuming the initial 63 month term discounted at 9% and did not include the option to extend for an additional five years.

For the three months ended March 31, 2026 and 2025
(Expressed in Canadian dollars, unless otherwise indicated)

Restricted share units (“RSUs”)

A portion of executive and staff compensation is settleable with the grant of RSUs. Under the Plan, redemption of vested restricted share units RSUs shall take place no later than the third anniversary of the date of grant. Upon redemption of a vested unit, the participant will have one common share of the Company. The expense is recorded in the statement of comprehensive earnings in general and administrative expenses in the statement of loss and comprehensive loss and credited to contributed surplus in the equity section of the statement of financial position.

As at March 31, 2026 and December 31, 2025, the RSUs could not be issued because the Company did not have sufficient room to grant more convertible securities beyond the options described above. In accordance with regulatory guidelines, the Company needs to meet certain restrictions on the number of convertible securities that are issuable relative to the Company’s total outstanding common shares.

The following table reflects the continuity of RSUs for the three month periods ended March 31, 2026 and 2025:

	2026	2025
Opening	23,019,375	7,577,863

Director share units (“DSUs”)

A portion of the board of directors’ compensation is settleable with the grant of DSUs. Under the Plan, a participant is only entitled to payment in respect of a DSU when the participant ceases to be a director of the Company. Upon redemption of a vested unit, the participant will have one common share of the Company. The expense is recorded in the statement of comprehensive earnings in general and administrative expenses in the statement of loss and comprehensive loss and credited to contributed surplus in the equity section of the statement of financial position.

As at March 31, 2026 and December 31, 2025, the DSUs could not be issued because the Company did not have sufficient room to grant more convertible securities beyond the options described above. In accordance with regulatory guidelines, the Company needs to meet certain restrictions on the number of convertible securities that are issuable relative to the Company’s total outstanding common shares.

The following table reflects the continuity of DSUs for the three month periods ended March 31, 2026 and 2025:
